The Emporium

The Emporium package includes the shop fully stocked with a range of 30 traditional sweets in glass jars, plus 5 types of counter-top treat and 3 hours unlimited service to your guests, served by two of us at Emily's Best. Let us know your two favourite sweets and we will be sure to get them in stock for you! Each guest will be served two ounces (57 grams) of their choice of sweets per visit in stripey paper bags selected to complement your colour scheme. Guests can return to the shop as many times as they like.

If you would like them, we send you Golden Tickets in advance to give out to your guests, inviting them to the sweet shop of their dreams.

We can provide several sugar-free, gluten-free, vegetarian, vegan, halal, nut-free and gluten-free varieties, and cater for most other special diets on request.

Package prices above include 3 hours of unlimited service. Additional serving time can be arranged at a cost of £60 per hour.

Petite Sweets

Designed for those who have a smaller area available for us to set up in or whose budget is more petite. The sweet shop looks just like our original Travelling Traditional Sweet Shop, except it is half the width and is staffed by one person, who will serve your guests for two hours. It comes stocked with 15 jars of sweets, selected by us to include a bit of something for every taste. It's ideal to cater for up to around 125 guests, all for the petite price of £250.

Up to 125 Golden Tickets are included in the price, if required. Additional Golden Tickets are available at £0.30 each.

Additional service time is available for Petite Sweets at £40 per hour, which would allow more portions to be served.

Travel

Prices include a round trip of up to 40 miles from our base near Pershore, Worcestershire. For any distance over this, there is a charge of £0.45 per mile, to cover fuel and driving time.
